ASH

ENGLISH

OUTDOOR RUG

Ash is a handwoven rug of nomadic inspiration and rich materiality, suitable for both indoor and outdoor use. Ideal for creating refined overlapping layers with the other rugs in the collection.

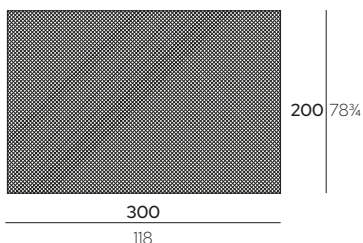

Ash is a handwoven rug suitable for both indoor and outdoor use. The manufacturing process involves the preparation of a three-colour yarn in weft that crosses a monochrome cord in warp, creating a texture that enhances its elegant shades. It comes in two colour variations, light beige and dark grey.

Composition

Ash is made of 100% recyclable polypropylene. Polypropylene has excellent light fastness performances. It is a non-hygroscopic yarn, therefore it does not absorb liquids, it dries easily and does not develop mold.
