SHORT CARE ADVICE

Unroll your rug immediately upon receipt and let it rest 24-48 h to settle; do not place objects on it. Store flat in a dry, stable environment if not installed. Vacuum at least twice a week with suction-only, rotating every 3 months. Trim loose threads with scissors—never pull.

Avoid harsh chemicals, high-pressure cleaners, folding, dragging furniture, and water on sensitive fibers. For stains, blot wet spills gently with white absorbing paper or cloth towel, scrape dry residues carefully, and consult a professional rug cleaner for heavy or persistent stains. Shedding is normal for natural fibers and will reduce over time.

For more detailed explanation, consult our full maintenance instructions on our website.
