SHORT CARE ADVICE

Unroll your rug immediately upon receipt and let it rest 24–48 h to settle; do not place objects on it. Store flat in a dry, stable environment if not installed. Vacuum at least twice a week with suction-only, rotating every 3 months. Trim loose threads with scissors—never pull.

Avoid harsh chemicals, high-pressure cleaners, folding, dragging furniture, and water on sensitive fibers. For stains, blot wet spills gently with white absorbing paper or cloth towel, scrape dry residues carefully, and consult a professional rug cleaner for heavy or persistent stains. Shedding is normal for natural fibers and will reduce over time.
