Therra Coffee Table

The Therra coffee table belongs to the eponymous collection, comprising a console, coffee table, and side table, and explores stone as a creative material. With generous proportions and clean, rigorous profiles, the coffee table appears like an architectural element, accentuated by the exposed marble and its veining. The contrast between the grooved base and the smooth top enhances the three-dimensionality of the stone and highlights its natural texture. Available in various types of marble and in polished, brushed, and honed finishes, the Therra Coffee Table transforms stone into the undisputed protagonist of the space, combining visual presence and formal precision.
