Erwin Coffee Tables

The Erwin coffee tables take their name from the inflated, surrealist work of Erwin Wurm. Each coffee table consists of two elements, two elements that cannot exist without the other. The shape of each table is dictated by the weight of the marble compressing it into shape. What appears an unstable, temporary assembly is actually a carefully crafted piece in wood and marble that is available in a number of lacquered finishes including both matte and high gloss options and in any of our collection of marbles and stones. The family consists of a large and medium version at the same height with a small, side table style piece that sits slightly higher.

Technical Details

Machine cut, hand finished MDF, pores sealed and sandblasted before lacquering in any RAL colour matte or high gloss. Insert is 20mm of any of our marbles or stones with the option of high gloss, matte or brushed finish. Comes assembled. Felt glides.
