Description

Like the delicate form of a bending branch or vine, the Vime lounge chair merges organic fluidity with luxurious comfort. Its sculptural frame, softened by generous cushions, creates an inviting retreat—whether indoors or under an open sky. Designed for moments of quiet reflection, the Vime embodies the effortless grace of nature’s design.

Morpho by Tomorrowland

Morpho aspires to create a contemporary Art Nouveau collection of furniture, textures, and accessories for the home.

Morpho is created by Tomorrowland Design Studio in collaboration with architect Dieter Vander Velpen. The collection blends contemporary design with the organic spirit of Art Nouveau, shaped by nature’s own geometry. It moves from the delicate structure of dragonfly wings to the curves of roots, branches, and flowing voronoi patterns.

Each piece is shaped through Belgian craftsmanship, as Ethnicraft translates Morpho’s sculptural language into refined woodwork.
