Description

Rooted in the meditative essence of nature, the Zen adjustable lounger is a sanctuary for stillness. Its flowing frame, inspired by the organic shapes of roots, vines, and branches, seems to grow effortlessly into its surroundings. A patterned metal backrest—a whisper of ornamentation—adds a touch of the unexpected, a quiet invitation to pause, absorb, and unwind.

Frames and cushions can be ordered separately or together as a complete product.

Morpho by Tomorrowland

Morpho aspires to create a contemporary Art Nouveau collection of furniture, textures, and accessories for the home.

Morpho is created by Tomorrowland Design Studio in collaboration with architect Dieter Vander Velpen. The collection blends contemporary design with the organic spirit of Art Nouveau, shaped by nature's own geometry. It moves from the delicate structure of dragonfly wings to the curves of roots, branches, and flowing voronoi patterns.

Each piece is shaped through Belgian craftsmanship, as Ethnicraft translates Morpho's sculptural language into refined woodwork.
