

Canyon outdoor dining table - varnished
concrete - Light Grey - oval 230/115/76

Description

The Canyon masterfully captures the essence of fluid movement into a solid form. Mirroring the natural flow and balance of a canyon, this dining table features legs positioned to interact dynamically, creating a corresponding yet intriguing balance. The negative space between each leg emphasizes this flowing motion, while their torsion suggests a mutual dependence, symbolising a state of poise. The central space adds a touch of airiness and lightness, ensuring ample space and comfort for those gathered around.

Sealed with a topcoat for optimal protection against spills and daily outdoor use.

Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, PI, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
