Mikado side table - oak - round 50/50/50

Description

The Mikado side table, designed by Alain van Havre, is not simply a smaller version of the Mikado dining table. It's a complete reinterpretation of its larger design and a study of balance and symmetry.

Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, Pl, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
